DUNNAGE BAGS

At Dpack Packaging, our high-quality dunnage bags are designed to secure and stabilize cargo during transit, whether in containers, trucks, closed rail cars, or ships. Offering superior effectiveness over traditional wood blocking and bracing, our dunnage bags ensure your cargo stays safe throughout the journey.

With a quick 30-second inflation time, our dunnage bags are not only efficient but also easy and safe to remove once the transport is complete. We provide top-tier PP and paper dunnage bags in a wide variety of sizes to suit your cargo needs.
